

SIKA-DRITAC 5800 TOUGHBOND

DriTac 5800 ToughBond is a premium grade, “green” pressure sensitive resilient flooring adhesive that offers excellent bond strength and high moisture resistance up to 12 lbs./99% RH. ToughBond has the highest caliber tack and peel strength in the industry and is easy to spread and clean up with very low odor. This “green” adhesive helps contribute to LEED credits and has been independently tested and certified by the Carpet and Rug Institute’s (CRI) Green Label Plus Program for Indoor Air Quality (IAQ)!
