

SIKA-DRITAC 5900 MEGABOND

DriTac 5900 MegaBond is a premium grade resilient flooring adhesive that has been specially formulated to help minimize vinyl plank shrinkage. It is a high moisture resistant adhesive that provides maximum bond strength for a wide array of flooring types. DriTac 5900 offers the highest caliber tack and peel strength in the industry. MegaBond is easy to spread and clean up with very low odor. This adhesive helps contribute to LEED credits and has been independently tested and certified by the Carpet and Rug Institute's (CRI) Green Label Plus Program for Indoor Air Quality (IAQ)!
